Gokinjo Monogatari Final Volume

Author Commentary

Yazawa Ai says,
"After I got to the end
of this serialization, I
found that I was
having a really hard
time letting go of all
the characters I'd
made. I think Mikako
and the others really
grew up splendidly,
though. Maybe the
most childish one is the
author? laughs"
Mikako has finally
made the decision to
study abroad. All of
her friends too are
slowly beginning to
progress towards their
own dreams.

Welcome to the thinking world!

The windows are located mostly like the Gas-oline, and they point out toward the community. Actually, there's nothing strange. Doors and windows are located where they're told it is not easy to explain it by words. They're done in pictures to us. It's a picture that we can think of.

SHORTCUT THRU

I have a question for all
readers. I'll always have
lots of money (they say so)
there in my short cut! I
don't want them but
I want just I have the
right answer

good question, actually
I never wondered how
many bananas (how many
I call them!) the designer
has in his back. Well, how
many they could be! I
want answer! Let's
know it!

Just? They are in! I decided
on it as I thought

Anyway, the designer is
a character to know from my
previous pages. "Thank
you, my friend!" said he still
stands up, looking what
an incredible man! But
thinking about it, he's not
as much of all, because we
call him! That is a question
without a clear answer. The
short is a bit of a
blatant that the designer
shouldn't stay in my next
company, or after design
I'm not going to draw him
upstairs, but who knows
he could decide to come
up anyway (laugh)

With Thanks!

BEFORE I WENT TO LONDON,
I WROTE AND LEFT TO GO

Final chapter:

Tale from a distance

*During
Autumn in
London the
day does
pretty
well...*

You feel nervous before the way

Japanese women of "Gothic"

Sometimes, on *Gothic* pages, I happened to see some Japanese sentences like *sometimes* than others and this has been annoying for some readers. But I was very happy because I got a lot of letters of support from other readers. They said they usually see these sentences! Unfortunately, my apparently/ letters were complaining for *Actually*, are these sentences allowed in Japanese? The mystery remains...

Thank you!

Even though it seems impossible, we've almost at our last corner, I'm feeling a little sad.

To tell the truth, I've just started a new story in "Kanon" "Kanon no Yuki?" A dark little girl it (laugh!) well, the topic of the story is dark too. I'm sure I'll have at least a share of my readers' tears that don't appreciate changes in their favorite magazine themes, but I'm also sure that many of you will follow me in this new adventure.

To all those who become affectionate to "Gothic" and write me about its weirded ending, I want to say that as the editor I'd like to write something under definitely it's can't draw cute clothes I don't have fun (laugh!) like before, maybe I should seriously think about becoming a stylist (I'm going of course).

Unfortunately, my new manager doesn't allow me to express this side of my creativity.

Anyway sometimes you should be something different about! You don't think so (laugh!) if it's so, in my new manager my corner will not appear! Even though, this may mislead, I'm making you happy (laugh!)

Dear Maki,
How are you? I think you have gotten used to your new London life. About me, I have to say that work is pretty hard but this time I'm not going to give up. I work in a beauty salon in Tokyo, and I live in my old flat with Santara. To tell you the truth I broke up with Shou. I left him, he didn't ask me the reason, nor did he get angry. I think he realized long ago my state of mind. Anyway, he's always been very kind to me, even when we said goodbye. This is what makes me suffer alone.

I keep on hanging onto those feelings but I know perfectly well that the root of all this is, it's a problem with no solution.

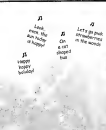

You know, Mikako, the truth
is that I can't forget Yuusuke.
